Sunday School

Body of Proof by apologist Dr. Jeremiah Johnston, runs through the month of April. Culture is doing its best to convince the world there is nothing special about Jesus. And many Christians never get beyond a Sunday school understanding of their own faith. As a result, Christianity's most important historical fact—the resurrection—is often the most misunderstood, relegated to Easter and funeral services, creating a powerless Christianity.

The single most important fact of the Christian faith is that Jesus isn't dead. He was resurrected on a Sunday morning two thousand years ago. That one weekend included His execution, an earthquake, daytime darkness, an uprising, and a miracle unlike any the world had ever seen.

Those events and the days that followed changed everything about the world and form the center of our faith. Yet outside of a few days each year, we don't spend a lot of time contemplating the resurrection itself.

In this four-session Bible study taught by Ed Jobes, we'll look back on that incredible weekend and see why the resurrection of Jesus gives us hope and confidence today.
